DETAILED ACTION

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.
2. Claims 1-16 were pending in the instant application at the time of the issuance of the previous (final) Office Action. Via the latest (after-final) response from the Applicant, filed April 23, 2008, claims 1-3, 7-13, 15 and 16 are now cancelled. Therefore, claims 4-6 and 14 remain pending and have been examined.

Allowable Subject Matter

3. Claims 4-6 and 14 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The closest prior art in the field does not teach the combination of features recited by the independent claims, particularly including providing a X.509 certificate with a second certificate extension which contains a signature for each of a plurality of alternative cryptographic algorithms, whereby an alternative cryptographic algorithm may be supported without establishing a new certificate hierarchy.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul E. Callahan whose telephone number is (571) 272-3869. The examiner can normally be reached on M-F from 9 to 5.
